# The #1 solution for creating your yearbook online

Does your publisher's Internet publishing solution do all this? >>

StudioWorks™ from Taylor Publishing aces the exam. It's *the* answer to your yearbook needs, the premier solution for creating your yearbook online. No other online program comes close.

StudioWorks solves your biggest yearbook challenges:

- > **Time** – It's easy to learn, and it can be used from anywhere.
- > **Control** – It efficiently manages staff activities and book's progress and content.
- > **Budget** – It's *free*; never buy software again.
- > **Stress** – Know that your data is safe and secure.

**OFFLINE MODE >**  
work anywhere in the world, connected to the Internet or not

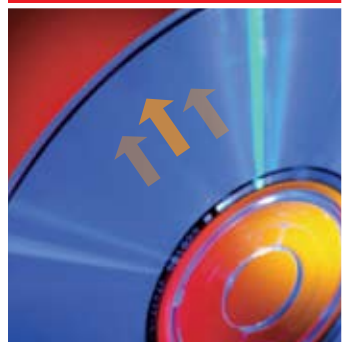

< **DOUBLE-PAGE SPREAD DESIGN**  
work in natural reader spreads

**FLEXIBLE UPLOAD OPTIONS >**  
upload any number of photographs, artwork or backgrounds at a time

**SHUFFLE PAGES >**  
easily change your book's page sequence.

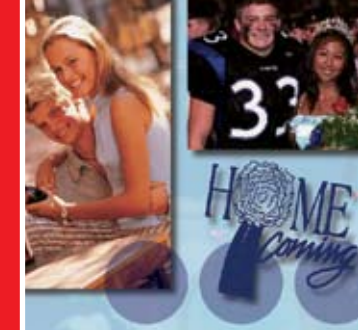

**INSTANT PORTRAITS <**  
upload your portrait CD right from your desktop (no waiting on your publisher...)

Enhance your designs and make life easier with hundreds of templates and modules.

< **Create your own modules or templates to use throughout your book for a custom look.**

**EASY-TO-CREATE ADVANCED DESIGN EFFECTS**

- Apply transparency or drop shadows to any object >
- Custom drawing and illustration: Create polygon and freehand shapes and graphics
- Cut out photo backgrounds for dramatic effects >
- Precisely rotate elements to any degree
- Drop images into custom shapes
- Create custom color gradients from any combination of Taylor and/or spectrum colors
- Extract colors right from your photos to use on your page design
- Combine and subtract paths to create windowpane and other image effects >
